## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Eau Claire Community Foundation and Supporting Organization  
Eau Claire, Wisconsin

We have audited the accompanying consolidated financial statements of Eau Claire Community Foundation and Supporting Organization (a nonprofit organization), which comprise the consolidated statements of financial position as of December 31, 2019 and 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### ***Management's Responsibility for the Consolidated Financial Statements***

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees  
Eau Claire Community Foundation and Supporting Organization

**Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Eau Claire Community Foundation and Supporting Organization as of December 31, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

**EAU CLAIRE COMMUNITY FOUNDATION  
AND SUPPORTING ORGANIZATION  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization**

Eau Claire Community Foundation (the Foundation) is a nonprofit community foundation that is supported by public contributions, which are used to enhance and support the quality of life in the Eau Claire area.

**Basis of Consolidation**

The accompanying consolidated financial statements of the Foundation are prepared including the financial activity of the Eau Claire Public Schools Foundation, Inc. (ECPSF) and ECCF Realty LLC. The Foundation has an economic relationship with these entities. The Foundation established an agreement to manage the finances of ECPSF in exchange for an administration fee effective December 1, 2011. If the ECPSF dissolves, the Foundation would maintain those funds. ECCF Realty, LLC is wholly owned by the Foundation and was set up to accept real estate gifts and sell those gifts with the funds being given to the Foundation.

ECPSF is a public foundation under Internal Revenue Code (IRC) Section 501(c)(3). The ECPSF's mission is to serve as a catalyst in creating long-term impact in promoting education.

**Net Asset Classifications**

In order to ensure observance of limitations and restrictions placed on the use of resources available to the Foundation, its accounts are separated into classes of net assets as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

**Contributions**

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets with donor restrictions depending on the nature of the restrictions.

**Cash and Cash Equivalents**

For purposes of reporting cash flows, the Foundation considers all highly liquid investments with an initial maturity of less than three months to be cash equivalents. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to certain limits. At times, cash in bank may exceed FDIC insurable limits.

**EAU CLAIRE COMMUNITY FOUNDATION  
AND SUPPORTING ORGANIZATION  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Furnishings and Equipment**

Purchased equipment is valued at cost and donated equipment is valued at its estimated fair value at the date of the gift. Equipment costing \$500 or more with a useful life greater than one year is capitalized. Maintenance and repair costs are charged to expense as incurred.

**Donated Services**

Donated services meeting the requirements for recognition have been reflected in the financial statements. The value of such services was determined using market value for similar services. In addition, a substantial number of volunteers have donated significant amounts of their time in the Foundation's support services and fundraising effort. The value of that time has not been reflected in the consolidated financial statements.

**Advertising Costs**

The Foundation expenses the costs of advertising as they are incurred. Advertising expenses incurred for the years ended December 31, 2019 and 2018 were \$3,225 and \$2,623 respectively.

**Allocation of Functional Expenses**

The costs of various activities have been summarized on a functional basis in the consolidated statements of activities. Accordingly, certain costs have been allocated among program services, management and general, and fundraising based on a time study completed for Foundation employees for all non-direct costs.

**Estimates**

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Uniform Prudent Management of Institutional Funds Act**

During fiscal 2009, the Uniform Prudent Management of Institutional Funds Act (UPMIFA) became effective in the state of Wisconsin. UPMIFA provides guidance on the classification of endowment fund net assets for states that have enacted versions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), and enhances disclosures for endowment funds. Under UPMIFA all unappropriated endowment fund assets are considered restricted. The consolidated financial statements impact for implementation is detailed in Note 9.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements**

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Foundation emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value.

**Fair Value Hierarchy**

The Foundation has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the balance sheets are categorized based on the inputs to the valuation techniques as follows:

*Level 1* – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that The Foundation has the ability to access (examples include active exchange-traded equity securities, listed derivatives, and most U.S. government and agency securities).

*Level 2* – Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets (for example, restricted stock);
- Quoted prices for identical or similar assets or liabilities in nonactive markets (examples include corporate and municipal bonds, which trade infrequently);
- Pricing models whose inputs are observable for substantially the full term of the asset or liability (examples include most over-the-counter derivatives, including interest rate and currency swaps); and pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability (examples include certain residential and commercial mortgage related assets, including loans, securities, and derivatives).

**EAU CLAIRE COMMUNITY FOUNDATION  
AND SUPPORTING ORGANIZATION  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Fair Value Measurements (Continued)**

Fair Value Hierarchy (Continued)

*Level 3* – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management’s own assumptions about the assumptions a market participant would use in pricing the asset or liability (examples include certain private equity investments, and split-interest agreements).

**Investments**

Investments are recorded at fair value on a recurring basis on the consolidated statements of financial position. Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security’s credit rating, prepayment assumptions, and other factors such as credit loss assumptions. Securities valued using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets. Securities valued using Level 2 inputs include brokered certificates of deposit and corporate debt securities that are valued based quoted prices for securities with similar risk, interest rate, and maturities. The Foundation does not have any securities that are valued using Level 3 inputs.

Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statements of activities.

**Income Tax Status**

The Foundation and ECPSF has been granted tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and Wisconsin Statute. It has been classified as an organization that is not a private foundation under the Internal Revenue Code and charitable contributions by donors are tax deductible.

The Foundation and ECPSF has evaluated its tax positions and determined it has no uncertain tax positions as of December 31, 2019.

AND SUPPORTING ORGANIZATION  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2019 AND 2018**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Change in Accounting Principles**

In May 2014, FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers* (Topic 606). Subsequent to May 2014, the FASB has issued six ASUs to clarify certain matters related to Topic 606. Topic 606 supersedes the revenue recognition requirements in FASB ASC 605, *Revenue Recognition*, and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The updates address the complexity and understandability of revenue recognition and provide sufficient information to enable financial statements users to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers.

The Foundation and ECPSF consolidated financial statements reflect the application of ASC 606 guidance beginning in 2018. No cumulative-effect adjustment in net assets was recorded as the adoption of ASU 2014-09 did not significantly impact the Organization's reported historical revenue.

Additionally, in June 2018, FASB issued Accounting Standards (ASU) 2018-08, *Accounting Guidance for Contributions Received and Made*. This ASU was issued to clarify accounting guidance for contributions received and contributions made. The amendments to this ASU assists entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, *Not-for-Profit Entities*, or as an exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional.

The consolidated financial statements reflect the application of ASU 2018-08 beginning January 1, 2018. The new guidance does not require prior period results to be restated. The implementation of this standard did not significantly impact the Organization's financial statements.

**Subsequent Events**

In preparing these consolidated financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through May 5, 2020, the date the consolidated financial statements were available to be issued.

**NOTE 2 UNCONDITIONAL PROMISES TO GIVE**

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows, using three-year treasury rate which was 1.94% and 2.67% as of December 31, 2019 and 2018, respectively. These promises are due as follows:

	2019	2018
Receivable Within One Year	\$ 282,450	\$ 711,211
Receivable Within One to Five Years	596,510	966,146

Unamortized Discount	(43,348)	(104,876)
Total Promises to Give	<u>\$ 679,612</u>	<u>\$ 1,608,881</u>

**NOTE 3 INVESTMENTS**

The Foundation carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the consolidated statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statements of activities.

The Foundation's investments at December 31, 2019 and 2018 are summarized below:

**NOTE 4 LIQUIDITY AND AVAILABILITY**

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition, the Foundation receives support without donor restrictions; which along with investment income without donor restrictions and appropriated earnings from gifts with donor restrictions, funds annual program needs.

The Foundation considers investment income without donor restrictions, appropriated earnings from donor-restricted and board-designated (quasi) endowments, contributions without donor restrictions and contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures. General expenditures include administrative and general expenses, fundraising expenses, and grant commitments expected to be paid in the subsequent year. Annual operations are defined as activities occurring during the Foundation's fiscal year.

**NOTE 4 LIQUIDITY AND AVAILABILITY (CONTINUED)**

The Foundation manages its cash available to meet general expenditures following three guiding principles:

- Operating within a prudent range of financial soundness and stability,
- Maintaining adequate liquid assets, and
- Maintaining sufficient reserves to provide reasonable assurance that long-term grant commitments and obligations under endowments with donor restrictions and quasi-endowments that support mission fulfillment will continue to be met, ensuring the sustainability of the Foundation.

The Foundation's Grant Committee (the Committee) and Women's Giving Circle Grant team meet semi-annually to review and approve grant requests. Due to this timing, the Foundation strives to maintain financial assets available to meet general expenditures at a level that represents 100% of annual expenses for administrative, general, and fundraising expenses plus an amount that represents the next expected payment for semi-annual grant commitments approved by the Committee. The Foundation limits maximum distribution to 4% of the fund balance annually and administrative fees of are approximately 1% to 2% of the annual fund balance and transferred to the Foundation's general operating funds.

The table below presents financial assets available for general expenditures within one year at December 31, 2019:

**NOTE 8 DONOR ADVISED FUNDS**

The Foundation accepts funds from donors wishing to reserve the right to make recommendations about the charitable use of the funds. In agreement with the donors, such recommendations are advisory only and will not be binding on the Foundation, which will retain final responsibility for all distributions made from the Foundation. These funds are classified as net assets without donor restrictions since the Foundation retains the final decision about the charitable use of the funds.

**NOTE 9 ENDOWMENT**

The Foundation has several donor restricted endowment funds established for the purposes of providing income to support various programs. As required by accounting principles generally accepted in the United States of America (GAAP), net assets of the endowment fund are classified and reported based on the existence or absence of donor-imposed restrictions. The board of trustees of the Foundation has interpreted the Wisconsin Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets restricted for perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The Foundation considers all earning on endowment funds to be restricted for operations of the specified programs.

The Foundation's endowment is invested in accordance with the investment policy of the Foundation, which includes investments in marketable debt and equity securities.

The following is a summary of endowment funds subject to Uniform Prudent Management of Institutional Funds Act of (UPMIFA) for the years ended December 31, 2019 and 2018.

	Net Assets With Donor Restrictions

**Fund with Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. No deficiencies occurred for the years ended December 31, 2019 and 2018.

**Investment Objectives and Strategies**

The Foundation has adopted an investment policy to provide guidelines for investing endowment assets. Under this policy, as approved by the Investment Committee of the board of trustees, the endowment assets are invested in a manner that is intended to maintain the purchasing power of the current assets and all future contributions, maximize return within reasonable and prudent levels of risk, and maintain an appropriate asset allocation based on a total return policy that is compatible with a flexible spending policy.

To achieve these objectives, the Foundation follows an asset diversification plan, sets performance benchmarks for investments managers, and has established various asset quality and limitations thresholds.

**Spending Policy**

The Foundation has a policy of appropriating endowment earnings for distribution each year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Approved distributions that are not used for a calendar year will accumulate and be available for distribution in subsequent years. At no time will the distributions reduce the value of the endowment below donor contributions, unless approved by the donor.

**NOTE 10 OPERATING LEASE**

The Foundation has a noncancelable operating lease for office space that expires on December 31, 2021. Rental expense for the years ended December 31, 2019 and 2018 was \$13,570 and \$13,214, respectively.

The future minimum lease payments under the operating lease are as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2020	\$ 13,608
2021	13,608
Total	\$ 27,216

**NOTE 11 RETIREMENT PLAN**

The Foundation established a SIMPLE IRA plan for all employees who are at least 21 years of age and have completed two months of service. Eligible employees who elect to participate in the Foundation's SIMPLE IRA plan can contribute up to the maximum allowed by the Internal Revenue Code. The Foundation matches contributions up to 3% of salary. Retirement plan expense for the years ending December 31, 2019 and 2018 was \$4,747 and \$4,443, respectively.

**NOTE 12 CONCENTRATIONS OF CREDIT RISK**

Financial instruments that potentially subject the Foundation to credit risk consist principally of unconditional promises to give, cash deposits in excess of insured limits, and investments of marketable equity and debt securities.

**NOTE 13 SUBSEQUENT EVENT**

Subsequent to year end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Foundation, COVID-19 may impact various parts of its 2020 operations and financial results including but not limited to additional costs for emergency preparedness. Management believes the Organization is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

During the period from January 1, 2020 through May 5, 2020, both domestic and international equity markets have experienced significant declines. These losses are not reflected in the financial statements as of and for the year ended December 31, 2019.
