

# 2022 Applicant's Guidelines for Interpreting and Responding to Questions

## Eau Claire Community Foundation

The following guidelines are intended to help you interpret and answer the questions included in the Women's Giving Circle Grant Application. You need not respond to every question included below. Rather, these are ideas for consideration, presented as "questions to ask yourself" as you prepare to describe your proposed program and write your answers to the individual items.

Consider that the scale below will be used to evaluate your response to each item on your application:

1. **Poor** - the response lacks clarity, fails to address the topic or provides information that is not relevant.
2. **Fair** - the response provides a minimal amount of relevant information, is confusing or lacks adequate supporting information and/or data.
3. **Good** - the response is stated with adequate clarity and provides relevant information.
4. **Very Good** - the response is very clearly stated, provides information in a logical manner, i.e., if a list is requested, a list is provided and the response provides necessary supporting information.
