

2023 ECCF Grant Application Procedures

We're glad you've decided to apply to the Community Grant Cycle! While preparing your application, please follow these guidelines:

- To get started, go to our Online Grant Portal (linked on the ECCF website's "Grant Opportunities" page under the "Lasting Impact" tab) and create an organization profile if your organization has never applied for a grant using the GLM software.
- If your organization already has a profile, log into it and update your information if necessary. Use the "Forgot your Password?" link if you can't remember your log-in information.
- If you're unsure about whether your organization has a profile, please contact the ECCF Program Specialist. Please do **NOT** create a new profile until you've verified whether your organization is already in the system.
- If necessary, you can use the "Applicant Tutorial" linked on the Online Grant Portal's Logon Page.
- **NEW:** Beginning in 2023, ECCF will offer Operations grants to support nonprofits during times of transition, unexpected revenue loss, or unusually high expenses. You can complete the Operations grant application form if you'd like to apply for this funding.
- **IMPORTANT:** ECCF can only accept **ONE** application per organization in each grant cycle, so please prioritize your greatest need. You can only apply for a Program **OR** an Asset **OR** an Operations grant.
- All applications **MUST** be submitted using the online application form.
- You can use the "Question List" PDF icon to view and print the questions on the application, and you can use the "Application Packet" PDF icon to view and print your completed responses.
- Grant Workshops are available in November, December, and January. Please see the Events tab of the ECCF website home page for specific dates. You're encouraged to attend these workshops, which are free and open to anyone interested.
- **The deadline for grant submissions is January 20, 2023, at 11:45 p.m. Applications will NOT be accepted after that time.**
- If your project is funded, ECCF reserves the right to use written material from this grant application in future publications and presentations.
